

3 Ways To Reduce Bubble Tea Litter

Tips by KINOI

Switch To A Reusable Boba Cup*

Bring your clean, personal bubble tea cup into the cafe and we will accept them! Just remember to let us know you don't need a straw because we may automatically give you one.

Kindly Put Litter in Bins

Be responsible for your rubbish. Place your straw wrapper responsibly into our bin provided at the counter after you poke your straw.

Say No To Plastic Bags

Plastic single-use bags are available upon request but we encourage you to bring your own reusable bag, or limit this use.

*Bring a reusable KINOI bubble tea cup at participating stores and get 10% off or a discount on your drink order. Ask if your regular bubble tea shop offers this.

**Problematic single-use plastics will be banned across VIC from 1 Feb 2023.
Thank you for supporting our Sustainable Bubble Tea project.**

Protect our Port Phillip Bay

Sustainable Bubble Tea is a project that aims to reduce bubble tea plastic litter surrounding Port Phillip Bay and to promote reusables. We hope to support Victorians for the upcoming single-use plastic ban in February 2023. This project is supported by the Circular Economy Communities Fund, delivered by Sustainability Victoria on behalf of the Victorian Government.

The project is delivered by Tangaroa Blue Foundation and KINOI with support from the Cities of Melbourne, Maribyrnong, and Greater Dandenong.
