

WARNING: DANGEROUS ITEM

What is it?

Unmarked silver canisters like these have been washing up on beaches all over the Australian coastline. They are filled with aluminium phosphide pellets and are fatal to ingest or inhale.

What to do if you find one

1. **DO NOT TOUCH IT**
Stand up wind to avoid possible inhalation
2. Mark the area with sticks and brightly coloured tape
3. Alert the clean up coordinator immediately
4. Call 000
